One day workshop on western blot on the occasion of World Entrepreneurs Day

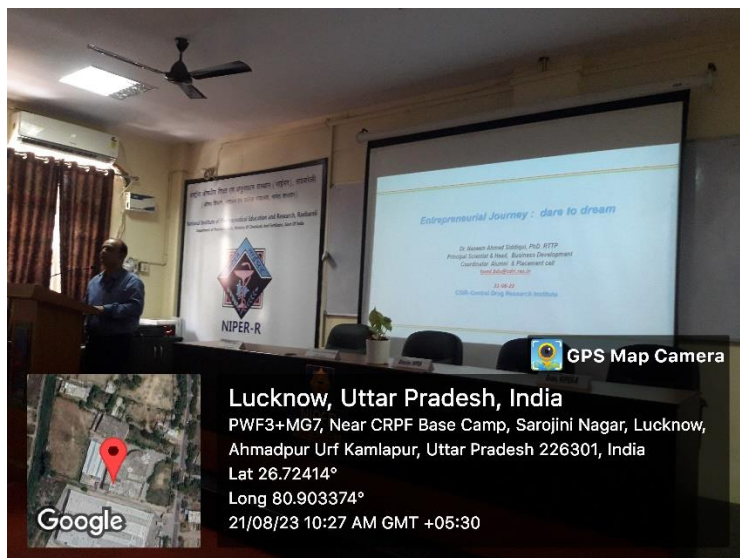

Organized on August 21, 2023

NIPER-Raebareli organized a One-day workshop on western blot on the occasion of World Entrepreneurs Day Organized on August 21, 2023, 10:00 am- 5:30 pm. Faculties and Researchers from various intuitions, Universities and colleges have participated in this workshop. Dr Saba Naqvi from the Department of Pharmacology and Toxicology has organized the workshop. The inaugural session was attended by all participant, faculties, students and staff.

Prof. Shubhini A. Saraf, Director, NIPER-Raebareli, welcomed the guest and addressed the scientific gathering. She gave insight to inculcate and mature the idea to bring new start-up and small businesses. The invited guest speaker Dr. Naseem Siddiqui, Head Business Development

Principal Scientist at Central Drug Research Institute, Lucknow has discussed “Entrepreneurial Journey: Dare to dream”.

Experts from Bio-Rad trained the participants to handle the western blot instrument and helped in the application. The certificates were presented to the speakers, participants, and volunteers. The workshop coordinator Dr. Saba Naqvi thanked all dignitaries, Bio-Rad, and Participants for making the event successful.

The event was closed by vote of the thanks to all attendees by Dr Nidhi Srivastava, Associate Dean.
