

NATIONAL INSTITUTE OF PHARMACEUTICAL EDUCATION AND RESEARCH,  
RAEBARELI

**A Report on Celebration Activity**

**National Science Day 2024**

Date: 28 Feb, 2024

Time and duration: 3:00 pm to 4:00 pm

Program Theme: India – Indigenous Technologies for Viksit Bharat.

Objective :- The objective of the session to celebrate National Science Day.

Student Participants: 100

Faculty Participants: 10

Benefit Learning: Understand the importance of Science in daily life.

Coordinators:

Dr Gopal Lal Khatik

Mr. Ankit Pandey

Mr. Anurag Singh

Student coordinator:

Mr. Lokesh Chandrakar

Descriptions:

National Institute of Pharmaceutical Education and Research, Raebareli celebrated the National Science Day on 28<sup>th</sup> Feb 2024 in the transit campus.

This day is celebrated in India to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman who received the Noble Prize in 1930.

A guest lecture is organized on the day.

Prof. Shubhini A. Saraf, Director addressed the gathering. She urged to promote the indigenous technology which were developed by the Indian scientist.

Prof. Sampa Saha is a polymer scientist, a polymer scientist, teacher, and consultant. She is currently working as an associate professor at the Department of Materials Science and Engineering, IIT, Delhi. She delivered the online lecture on the topic “Multi-compartmental biodegradable polymeric particles for programmable active release”

Dean, Registrar, Faculties, Staff, and Students were actively involved in the celebration of the Science Day. At the end of the event, Dr Gopal Lal Khatik thanked all attendees and people who were directly and indirectly involved.
