

**One Day Workshop
On
Applications of NMR in Drug Analysis
30 MARCH, 2020
Timing: 10:00 am to 5:00 pm
Venue: NIPER-Raebareli, Lucknow Transit Campus**

It gives us great pleasure in inviting you to one day workshop on “**Applications of NMR in Drug Analysis**”. This workshop will have lectures from the R&D team of JEOL India Pvt. Ltd. and subject experts from research institutions who will talk in detail about the applications of NMR in drug analysis both from the perspective of new compound characterization as well as impurity profiling and drug identification. The workshop will also have a demonstration session during which the participants will be shown the entire functioning of NMR in our NMR laboratory. Overall, this workshop aims at serving as a platform where both new and experienced researchers can enrich their knowledge about applications of NMR in Pharmaceutical Sciences.

Highlights

- Basics of NMR and Instrument Design
- Sample preparation (No Deuterium NMR)
- Characterization Process and Standard Match
- NMR in Pharmaceutical Sciences
- Metabolomics
- Live demonstration of sample characterization

Registration fee: Rs 500/ per participant

Last Date of Registration: March 27, 2020

Note: The Payment can also be directly transferred to Current A/c No. 30681056691 at State Bank of India, CDRI Branch, Lucknow (IFSC Code: SBIN0010174) or can be made by Demand Draft drawn in favour of “NIPER(R) SYMPOSIUM” payable at Lucknow.

Kindly Email filled registration form to: nranjan@niperraebareli.edu.in
