RAEBARELI

A Report

Certificate course and hands on training "Design and Characterization of Nanomaterials"

Date: 29 July to 2 Aug 2024

Coordinators:

Dr Awesh Kumar Yadav

Dr Keerti Jain

The certificate course and hands on training on "Design and Characterization of Nanomaterials" was conducted by the Dept of Pharmaceutics. Many renowned scientists were delivered the talk.

This training was ended with valedictory function organized on 02.08.2024, in which Director, NIPER Raebareli, Prof. Shubhini A Saraf delivered a Keynote address on Nanoformulations: Design and Methods. Further certificates were given to the participants and speakers of the certificate course.

National Institute of Pharmaceutical Education and Research, Raebareli

Certificate Course and Hands-on Training
on

“Design and Characterization of Nanomaterials”

July 29th, 2024 – August 2nd, 2024

Hands on training on

- Atomic Force Microscopy
- Scanning Electron Microscope
- Hot Stage Microscope
- 3D Bioprinter
- High Performance Liquid Chromatography
- Isothermal Titration Calorimeter
- Rheometer

Who can participate:

- Postgraduate students
- PhD scholars
- Young researchers working on nanomaterials

The participants will be given an opportunity to use their own samples during analysis (n=2)

Number of seats = 20

Registration fee: Rs. 3500/-

Last date of registration: July 20, 2024

Organized by:

Department of Pharmaceutics
NIPER-Raebareli

NIPER-Raebareli
Bijnor-Sisendi Road, Sarojini
Nagar, Near CRPF Base Camp,
Lucknow (UP)- 226002
