

Major equipment facilities available at Department of Pharmaceutics, NIPER, Raebareli

Uv-Visible Spectrophotometer

HPLC with PDA/UV Detector

Probe Ultra Sonicator

Eight Station Dissolution Test Apparatus (USP Type I and II)

Viscometer (Cone and plate type)

High-Shear Homogenizer

Refrigerated Centrifuge

Optical Microscope

Malvern Master Sizer (Hydro 2000)

Friability Tester

Stability Chamber

Tablet Punching Machine

Tablet Coating Machine

Tablet Disintegration Tester

Distillation Assembly

Triple Distillation Assembly

Eight station jacketed Franz Diffusion cell apparatus

Analytical Balance

Bench Top Freeze Dryer

Cryocans
