¹ This journal is gold Open Access and free to access but should be added to the library discovery systems.

² This is the online edition of C&EN news magazine that is made available to organizational subscribers. It is included in most, but not all, ACS All Publications and ACS Core Plus Packages.

³ Starting in 1997, the Journal of Physical Chemistry split into two sections, A and B. In 2007 a third, C, was introduced. Editorially, these are treated as three separate journals. Transactionally, all three sections (A, B, and C) are treated as a single journal subscription.

⁴ This journal will cease publishing new articles in 2021. Previously published content will continue to be available.
