

# OPEN ACCESS THESES AND DISSERTATIONS

Prepared and updated by  
**THE LIBRARY, NIPER-Raebareli**

## Open Access Theses and Dissertations

The thesis and dissertations are considered as the primary source of information and contribute significantly to the academic and research activities of any institution. The following is a list of a few Open Access platforms to search the Theses and dissertations.

**Disclaimer:** The Library does not endorse, own, or receive any promotional benefits from the list of Open Access Resources. These Resources are made available by the site owners/publishers/aggregators, etc., to the general readers, to use freely for teaching-learning, and research purposes with proper acknowledgements.

Please, feel free to suggest relevant and authentic sites which you believed are useful for the NIPER, Raebareli community.
